Key findings from the Survey

1.Teachers are unanimously of the view that the present syllabus is need based and has content beneficial to the present generation.

2.They firmly believe that the syllabus is well defined and has good academic flexibility.

3.They were of mixed view about the utility of the content of the very syllabus serving the need of the students and employment generation potential.

4.Almost half of the faculties were of the view that they couldn't adopt new strategies of teaching and also there is need to revamp the infrastructure .

 In a nutshell the faculties have provided significant drawbacks in certain areas which shall need to be addressed for the betterment .
